SAND CREEK RANCH CONSERVATION COMMUNITY TO HOLD
GRAND OPENING JUNE 20-22, 2008

BUFFALO, WY - June 10, 2008 – A ground-breaking conservation real estate project on the east slope of the Bighorns is pleased to announce its upcoming Grand Opening Celebration Friday thru Sunday, June 20-22. Activities introducing Sand Creek Ranch Conservation Community will be held throughout the weekend on the ranch, located about 4 miles northwest of Buffalo.

Guided tours, informational displays, and free drawings for Sports Lure gift certificates and tethered hot air balloon rides by RE/MAX – weather permitting – are all on tap for visitors.

This pioneering ranch preservation project has been conceived and planned as an innovative way to own, live on, and sustain an ideal western ranch. The conservation community's design integrates protected open space, agriculture, recreation and secluded ranch neighborhoods to provide a genuine alternative to conventional rural subdivision ranchettes. Ranch Neighborhood homesites take up less than 10% of the ranch's 836 acres.
